

Help with Welfare Benefits

We support many carers to claim thousands of pounds. Could we help you?

Welfare Benefits are confusing, change frequently and many people miss out on money. We can help:

- + Complete claim forms
- + Explain official letters
- + Provide advice and assistance with reviews where problems occur
- + Check you (and the person you care for) are getting all the benefits you can
- + Help you to understand the options Welfare Benefits offer you as a carer

“The outcome of the claim means a better life for my son and not having to go through an appeal is a huge relief for me. It just makes everything a bit easier. Thank you”
